Take school safety to a new level

Our easy-to-use, affordable security system layers advanced technology with expert training and consulting to monitor and control entry to your school and build a life-saving culture of security.

BT

√ **Automates contactless entry control**

√ **Reduces risks to office staff**

√ **Efficiently trains teachers, staff and students**

√ **Provides peace of mind to parents**

√ **Offers options for expert consulting**

Tier 1 Services

Contactless Visitor Management

- Sophisticated authentication of IDs; offers greater certainty than a barcode scan
- Visitor logs
- Audit trails of ID scans for future reference or enforcement concerns

On-Demand Staff Training

- Expertly designed, school-specific learning modules
- On-demand access for greater usage
- Value-added modules on safety in homes and communities

Tier 2 Services

Everything included in Tier 1, plus additional options:

- Facial matching of ID photo and person presenting the ID
- Watch list checks (e.g. predatory offenders, restraining orders, etc.)
- Security cameras with covert triggers
- Active threat monitoring
- Alert and reunification technology
- On-site security assessments
- On-site training
- Custom consulting with safety and security experts

BRIGHTTOWER
Safety & Security Systems

Provide a safer and more secure school environment

BT

√ **Performance exceeds standard visitor management systems**

√ **Leading security technology and expert training**

√ **On-demand learning & consulting services from industry leaders**

Our effective, easy-to-deploy system was created just for schools. The BrightTower system layers software, ID readers, cameras and badging to monitor staff, students, parents and others entering your school. On-demand learning modules designed by safety and security experts help staff and students learn how to make better decisions to keep themselves safe. The same experts are available for in-person training and custom consulting to bring the concepts to life and help administrators address their unique situations.

BrightTower Schools is an integrated safety & security system made possible by Virtual-6, a partnership between:

√ VERIDOCS

BLUE★U DEFENSE

Veridocs is a world leader in institutional security and safety. The company's roots in casino gaming—one of the most highly regulated industries with sophisticated technology demands—make it an ideal partner for other organizations in need of efficient tools to perform real-time ID authentication and visitor management.

Blue-U Defense is a leader in highly innovative, turnkey, organizational safety and security management solutions. Its Blue-U Safe Turnkey Safety Solution is a one-of-a-kind, subscription-based service designed to provide effective, ongoing, and systematic training that contains all of the elements necessary to achieve true organizational and personal safety.
